“*Beyond the Mask* illustrates how midlife urgings bring forth new cycles of death and rebirth. Antiquated identities and roles die, old 'masks' must be peeled away before we can discover a new path. Kathleen Burt addresses specifically how each of the Rising Sign patterns guides us into new life and fresh experiences. With the keen eye of an astrologer examining biographies of creative writers and inspired people, Kathleen Burt brings a depth of understanding to the Rising Sign. This unique volume of wisdom offers decades of scholarly study and practical experience in esoteric astrology, psychology, mythology, and biography and examines the underlying archetypal patterns inherent in our lives.”

~ Monika Wikman, PhD, Jungian analyst

### Talking Points for the Online Study Group

The group will discuss the stories from Taurus Rising through Leo Rising, chapters 2-5, perhaps amplifying them with their own experiences or with those of their clients. The gifts, or qualities of each new mask are at the end of the chapters, in the section, "The Progressed Rising Sign."

How are we experiencing the current transits? Will our faith continue to be rewarded in coming years? The use of elder stories adds to the understanding at how astrology is active and at work in our lives.
